

A Digital Reflection Photography & Videography Testimonials - What Others Have Said About Us:

My husband and I found A Digital Reflection through our wedding planner, and we were truly pleased with the results. After attending one of the local bridal fairs, I was concerned at the potential cost of our wedding photos, but A Digital Reflection offered reasonable prices for a variety of packages. We had no trouble picking the option that was best for us. Donna and her husband met with us at length to create a plan that would fit both our wishes and our personalities. The final result was a large selection of beautiful pictures that took advantage of the attributes of our location. The ability to preview & order the pictures on the Internet was a huge plus, as our family is all over the place. We are very happy with our decision to use A Digital Reflection! We have gotten tons of compliments on our pictures, and we would definitely recommend them to anyone looking for a photographer! Amanda & Terry

Sports League Testimonial:

Donna,

Thank you so much for all your help during the picture process of Hartselle Youth Wrestling League. I know this could have been a very nerve racking experience – dealing with almost 50 kindergarten through 8th grade boys, but you handled it with great professionalism. The pictures turned out wonderful and I definitely will use you again, not only for the wrestling league but for my own personal use.

Thanks again, Tracy Pham

Dona and Gary,

I just want to take this opportunity to thank you for the special care that you put into our photography and videography package. It was very reassuring to know that this very important part of our special day was in such great hands. Not only did you take the time to cater to every special request that we could think to come up with, but you also added special touches that hadn't even crossed our minds. What was an even more pleasant surprise was the way everything was handled with a genuine and friendly smile. To say the least, we have found ourselves with a product that we can truly cherish for years to come. We couldn't be more pleased. Thank you.

Thanks, Shannon

Hi Dona,

...I also heard that Mike's mom has been in contact with you and has ordered prints. She is so excited for the wedding. She was very pleased with your work and with your customer service. I know Sharon can be a bit enthusiastic sometimes so I wanted to say "thank you". She's not as easily impressed as a lot of people, so to have her call me to tell me how much she liked you meant a lot.

Thanks, Shannon

Engagement Session:

Hi Dona! I just wanted to thank you for doing such a great job on our wedding video! We thought that it was absolutely wonderful! Anna and I have already watched it twice - once the first night that we received it, and just the other night with our parents. We are very proud of the result, and cannot thank you enough for taking great care to personalize everything for us.

I would be very proud to recommend you to future clients, and we will now be able to share our wedding experience with those "few" friends and family who were not able to attend.

Once again, thank you from the bottom of our hearts! You have now added more to what was a perfect day and the most enjoyable experience of our lives!!!

Yours truly, Jeff and Anna

My cousins and I were planning an 80th Birthday party for our fathers who are identical twins when I saw a few samples of videography prepared by A Digital Reflection. I realized when I saw the high-quality samples that a videography of my father's and uncle's life would be ideal for our party. I asked Dona Bonnett, owner of A Digital Reflection, if there was any way a videography could be made on short notice being that the party was about 10 days away. Dona scheduled a convenient location for us to bring the pictures to her and she began to work right away. The videography was ready the day before the party as promised and the work was wonderfully done. Everyone at the party commented on what a good idea it was and how well it was put together. Each family has a copy to keep and treasure. It was a pleasure working with A Digital Reflection and I would highly recommend their services to anyone in need of a videography or portrait.

Hi Dona,

So I learned something new about my new husband...he doesn't like to see himself on video! Anyway, we received it and I wanted us to watch it together, so I kept asking him and he kept putting it off. FINALLY, just the other night, I put my foot down and we watched the wedding dvd. It was AWESOME!!! I really felt like we were re-living the day and also we got to see things that we missed and the interviews were great - I totally cried. You all really captured everything!!! We haven't watched the reception one yet - hopefully soon (after seeing the first one, Chris is over his aversion), but I'm assuming that it's fine!

You know, at first we weren't going to do a video and I'm so glad that we decided to. The pics are really great and we can put them up and around our home, but the video just so captured the spirit of the day and hearing again the words that we spoke at the ceremony was just so special...I am 110% glad that we decided to do it and you all were just superb!!!

Thanks so much!!! Andrea Morrison Deitz

Dona, Jim and I want to thank you for the outstanding job you did on our wedding video. You captured everything we wanted and more. We especially enjoy the pre wedding interviews with each of us and our guests. The photos on the cover are great! We would definitely give you our highest recommendation! Thanks again! Debbie & Jim Pittman

Donna and Gary, I can not begin to express the phenomenal job that you both did at the wedding, and reception. You have captured my most fond memories in pictures and I will forever be grateful. Just wanted to drop you a line of thanks and my deepest appreciation for the wonderful people you are, and the wonderful job that you do. The watercolor pictures were amazing!!! I look forward to using you and your husband for other events (i.e. babies, family events)...

Sincerely-A very happy bride,
Misty H.
